

Get the Github Education Pack

The Github Education Pack is a set of free tools and services provided for students in training. It allows to obtain unlimited private deposits on Github, and servers on Digital Ocean.

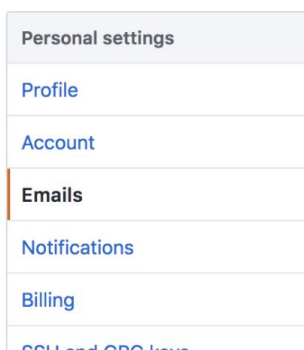

To get it, you need an email address ending with @wilder.school, with the format: FIRSTNAME_NAME_studentYEAR@wilder.school. For example: Dark Vador, student in 2019, the email ADDRESS will be : Dark_Vador_student2019@wilder.school

Follow the next steps to get the Github Education Pack:

- Log in to your Github account and go to account settings:

- Click on "Emails" at the left

- Add your email @ wilder.school:

Add email address

<input type="text" value="l_Perrin_student2018@wilder.school"/>	<input type="button" value="Add"/>
---	------------------------------------

- You must then validate the email address by clicking on the link you will receive on your mailbox (the messages you receive on @wilder.school are simply redirected to the mailbox you previously provided).

Hi @BenjaminPerrin!

Help us secure your GitHub account by verifying your email address

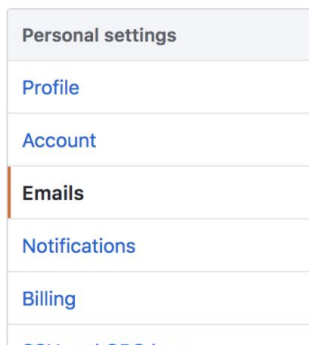

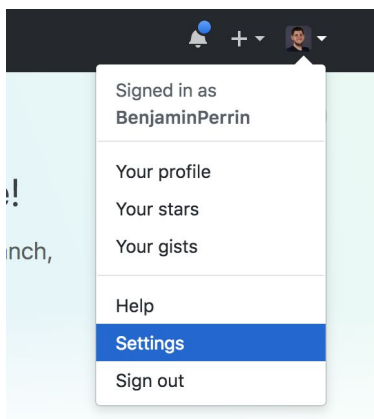

[Verify email address](#)

Button not working? Paste the following link into your browser:

https://github.com/users/BenjaminPerrin/emails/50570274/confirm_verification

You're receiving this email because you recently created a new GitHub

- Go back to your Github email settings

- Select your email @wilder.school as the main email address:

Primary email address

[redacted] will be used for account-related notifications (e.g. edits and merges).

- Validate this action by clicking on the confirmation button:

Your primary email was changed to **Benjamin_Perrin_student2018@wilder.school**. Would you like to update that as well?

[Yes, update my notification email](#)

- After that, go to the Github Education website

Student Developer Pack

The best developer tools, free for students

Learn to ship software like a pro Like 46K

There's no substitute for hands-on experience, but for most students, real world can be cost prohibitive. That's why we created the GitHub Student Developer Pack with some of our partners and friends: to give students free access to the best developer tools in one place so they can learn by doing.

[Get your pack](#)

- Click on "Yes, I'm a student"

Are you a student?

The GitHub Student Developer Pack is **only available to students aged 13 or older**. Before you receive access to the offers we need to [verify that you are a student](#).

Teachers, researchers, faculty, staff, and other educational users can [get free and discounted access to GitHub](#), but are not eligible for the pack. If you're not a student, you can still request a regular GitHub for education discount.

Yes, I'm a student

- Fill out the form, for the year of graduation, you can indicate **the current year + two years (so 2021 if you read this document in 2019)**, which will allow you to access Github Education any longer.

Name

Benjamin

Verify academic status

Select your **school-issued email address**:

Benjamin_Perrin_student2018@wilder.school

If your school-issued email address isn't listed, please [add and verify it](#), then refresh this page.

School name

Wild Code School

Graduation year

2018

How do you plan to use GitHub?

To learn code

Please note, your request cannot be edited once it has been submitted, so please verify your details for accuracy before sending them to us.

Submit Request

- After that you will have a message of success

Thanks for submitting!

Be sure to check your email. If you don't hear from us within the hour, you should receive an email from us in fewer than 5 days.

Have an Octotastic day!

 If you have allowed [your coupon](#) to expire and require immediate access you may follow [these directions](#) to make any [locked](#) private repositories public.

- Next click on "Student Pack" at the top

- Then “Get your pack”
